

Model Code F2283

revision 00 of 15-03-16
(the present replaces any previous versions)

Designer: Daniele Della Porta

Structure: base in multilayer covered with polyurethane foam wrapped with thermo-bonded textile fabric coupled with cloth. The back structure (back cushions support) is in metal covered with thermo-bonded textile fabric coupled with cloth.

Spring system: elastic webbing

Seat Padding: polyurethane foam wrapped with thermo-bonded textile fabric coupled with cloth

Back Padding: feather mix and synthetic fiber

Removability: covers on fabric versions are entirely removable. Loose back cushions on leather versions

Sewing: leather covers feasible with contrast stitching in the colors available; cuts and sewing vary on microfiber (or fabric) covers.

Standard feet: coal black colored beech-wood PL1015, h. 18 cm, also available in natural and dark walnut.

Optional feet: coal black colored beech-wood PL1034, h. 18 cm, also available in natural and dark walnut.

Optional versions: headrest cushion (D07) balanced by a metal support and armrest pillow (683), both in feather mix. "Quilt" versions feature a technical padding of ecologic polyester fiber covered with nylon, which is extremely light, soft, breathable and thermal. "Quilt" versions O91, O93 and O95 can be used on the matching "chair" versions, both RHF and LHF (O15/O16, 430/440, O25/O26). "Quilt" versions are not available in leather.

Please note: the leather cover comes in combination with Lady, a soft, suede-effect microfiber fabric, which ensures a correct breathability. Lady is a water-repellent fabric; it is placed on the back cushions' rear parts and on the back side. The color of the fabric is not identical to the color of the leather; it does however match with it ("tone-on-tone"). Alternatively customers may choose the desired color match and indicate their color choice on the order. The colors available for this article are shown in the Lady's folder.

Density of seat and back

Markets	Seat	Back
I	35/slowflex 50m Medium	
D - NL - CH		
USA - California		
GB	35/ve 50 cm fire retardant	
Others	35/slowflex 50m Medium	

Note: when no values/contents are specified in the chart, please refer to 'Others' field/area.
